

Scrum Developer Certified (SDC™) Course Overview

Overview:

Scrum Developer Certified (SDC™) is an entry level certification for Scrum Team members and those who interact with any Scrum Team. The objective of this certification is to ensure that Scrum Team members know enough about Scrum to effectively contribute to a Scrum project. The courseware and preparation tools required for the certification exam will be available online on SCRUMstudy.com. An online proctored exam will be conducted at the end of the course.

Two-day Scrum Developer Certification classroom trainings are also offered by SCRUMstudy approved Authorized Training Partners (A.T.P.s). All trainers are highly experienced and accredited by SCRUMstudy. Course fee includes the certification exam fee. Participants will be awarded 'Scrum Developer Certified' certificate from SCRUMstudy on successfully passing the exam.

Audience Profile:

This is highly recommended for everyone in a company who works in a Scrum Team or anyone who interacts with any Scrum Team. This will also be very useful for those who are interested in understanding the basics of Scrum and how this method could be used effectively.

Prerequisites:

There is no formal prerequisite for this certification. However, it is preferable to complete the Scrum Fundamental Certified (SFC™) certification before applying for the Scrum Developer certification. It is also highly recommended to take free SFC™ course offered by SCRUMstudy.

Exam Format:

- Multiple choice
- 75 questions per exam
- No negative marks for wrong answers
